PLEASE READ CAREFULLY: (AML/CTF PROGRAM)

The **AML/CTF Act** introduces the concept of a designated business group, which facilitates the sharing of customer identification information and to allow that designated business group to adopt a group-wide compliance program. Reporting entities can enter into a joint AML/CTF Program with other members of a designated business group. Members of a designated business group can, in some circumstances, share suspicious matter information and can rely on other members of the designated business group to discharge their ongoing customer due diligence obligations, record keeping and compliance reporting obligation.

J & J Express has implemented a joint AML/CTF Program to minimize risk of engaging with customers involved in money laundering and terrorism financing, and reporting suspicious matters as they are identified.

The AML/CTF Act requires parties providing certain types of services to collect and verify certain information about its customers, known as the **KYC** process.

I, _____ declare that the information I have provided above is true, complete and accurate.
